## Rev. Steve Jones to Speak

Rev. Steve Jones is not a stranger to most of us in the Michigan Region as he is a “Michigan boy” from way back. However, he has gone on to become the president of the Missionary Church and is currently serving

us in that position in the home office in Fort Wayne. He has served as a pastor, church planter, and District Superintendent prior to being elected president. He has been involved with several para-church ministries, launching works to help people in various areas where very real needs can be met and lives changed. He has traveled extensively around the world preaching the Gospel and sharing the good news.

He has been married for more than 30 years to his love and indispensable partner, Sue. They have four adult children.

### Retreat Schedule

The retreat begins with registration Monday at noon with lunch served at 12:30 PM. Our first group session happens at 2:00 PM. The retreat concludes Wednesday morning by 11:30.

## About AuSable

AuSable features programs and educational opportunities that emphasize Christian earth-keeping. As a teaching institute, it offers college courses in the areas of field ecology. It is also an educational center for thousands of K-12 students who visit each year to learn about the natural world. Its philosophy is that God has given humankind the unique responsibility to maintain and protect his creation. Nestled in the beautiful north woods of Michigan’s Lower Peninsula, Au Sable has been and continues to be a favorite meeting place for our Fall Ministers’ Retreat.

**Worship Leader:** Rev. Frank Taubitz will be leading our times of worship. Frank is the pastor of Warren Community Church and the Region’s own! He came to faith through the ministry of Allen Road Missionary Church and has served since that time in the Michigan Region. He’s a gifted worship leader.
